

ANGEL EYES

(excerpt)

*I'll always remember his confident smile;
Gentle eyes and mirthful guile.
In time my soul would face the trial -
But God was there all the while*

*She came upon an evening psalm
Beauty so pure – my heart did long!
I did my best to wax manly strong
Received my rose with binding thong*

*My heart was tied by her angel eyes;
My fate was sealed in sublime trance
Father's words contained no lies
My time had come without askance*
